This is classified as: *A Coaching skills development.*

A practical and interactive session in all senses of the word, energising, fun and focused on engaging multiple intelligences. Whether or not you've previously worked with images in your coaching sessions, this is an opportunity to experience and explore approaches, tips, techniques and tools to adapt and apply in your own practice.

You will learn:

Tools, tips and techniques for helping clients in a range of coaching, mentoring and facilitation contexts;

- express different concepts, feelings, moods and senses,
- develop self-insight,
- generate deeper more meaningful actions and sustainable development.

.....with some theory, practical inputs and maximum focus on sharing experience, learning and unlocking ideas through doing. An opportunity to develop both your skills and your network.

About this event:

Most of us can remember a moment when a client has been stuck for words or the words themselves get in the way of meaningful self-expression. This is when a simple image or symbol can express the idea, the real emotion, meaning or sense that may otherwise take a long time to explain.

Whether used as warm-up, ways of easing confusion or stress, 'unsticking the stuckness' or enabling clearer focus; this workshop will explore the use of images as tools for stimulating clients to describe or develop ideas, feelings, visions or express a desired state.

By the end of this session you will:

- have a variety of practical tips and techniques to work with images in your coaching sessions
- understand how images can impact on and enable more effective client expression of current physical and emotional state, experiences, issues and preferences
- know how to use images to inject a sense of deliberate change in activity, mood and tone &
- use images to inspire and motivate clients towards their future goals

This workshop is eligible for CPD and a Certificate will be given the night of the event. We look forward to seeing you there!

This is another very special event, and definitely one not to be missed! Places are limited.
