We are looking forward to an inspirational night of learning and networking, with topics that will appeal to HR professionals, and coaches (see more info below). This is the second occasion we have changed from our normal "speaker format" to allow those joining us to connect with others, share and learn to a far greater degree.

**The forum is eligible for a CPD certificate which will be provided on the night. All places should be booked in advance using our online payment system.**

Join us for an evening of "Coaching Tools and Hot Topics" with the Aberdeen team and Coaches or interested colleagues from a range of backgrounds.

You will have the opportunity and time to meet up with new people and old friends to find out what is going on in our local area in coaching as well as learn about different aspects / techniques that may benefit you in the future either as a professional Coach or someone who uses a coaching approach in business.

#### **Ideally for:**

- Coaches regardless of experience, be they corporate, business or personal.
- Leaders and HR professionals who use a coaching style in their business.
- People who are considering training as a coach.

#### **Coaching Station Topics:**

**Make your choices on the evening, take any coaching tools you'd like to share and come ready for spirited debate!**

**A Coaching Tools and Techniques**

Old favourite or your latest discovery? Bring along something which works for your clients and expect to hear new ideas or views from others in return.

**B NLP in a coaching context**

Resources, choices and change.

**C Coaching to the Emotional Agenda**

\*Happiness\*Fear\*Anger\*Sadness\*. What do we do when unexpected emotions pop up in coaching? How can we use every variety of emotions to get a win for our client? Come share your experience and learn from others.

**D Growing Your Coaching Practice**

More good-hearted people come into coaching each year with the best of intentions of earning a living by doing what they love. Unfortunately, too many coaches struggle to fill their practice. Participation in this coaching corner will allow you to share experiences of building a successful practice and to pick up hints and tips to improve your results.
